## Plantas de Energía Solar Fotovoltaica de 200MW

A la venta un proyecto de desarrollo completo para una planta de energía solar fotovoltaica de 200 MW con sede en Rumania (área de Bucarest).

La empresa pudo asegurar los derechos de propiedad sobre una gran parcela de tierra en 7x ubicaciones diferentes.

La compañía también ha obtenido derechos de superficie por 35 años del Gobierno para implementar la construcción de proyectos de plantas de energía solar.

La energía solar en Rumania tenía una capacidad instalada de 1.374 megavatios (MW) a finales de 2017. El país tenía en 2007 una capacidad instalada de 0,30 MW, que aumentó a 3,5 MW a finales de 2011 y a 6,5 MW a finales de 2017. finales de 2012. Sin embargo, el año récord de 2013 fue una excepción, y la nueva instalación cayó de 1.100 MW a un nivel moderado de 69 MW en 2014.

Rumanía se encuentra en una zona con un buen potencial solar de 210 días de sol al año y con un flujo anual de energía solar entre 1.000 kWh/m<sup>2</sup>/año y 1.300 kWh/m<sup>2</sup>/año. De esta cantidad total, alrededor de 600 a 800 kWh/m<sup>2</sup>/año es técnicamente factible. Las regiones solares más importantes de Rumanía son la costa del Mar Negro, el norte de Dobruja y Oltenia con una media de 1.600 kWh/m<sup>2</sup>/año.

Rumania fue un componente importante en la industria de la energía solar, instalando en las décadas de 1970 y 1980 alrededor de 800 000 m<sup>2</sup> (8 600 000 pies cuadrados) de colectores solares de baja calidad que colocaron al país en el tercer lugar mundial en superficie total de células fotovoltaicas. Uno de los proyectos solares más importantes fue la instalación de un panel solar de 30 kW en el techo de la Universidad Politécnica de Bucarest que es capaz de producir 60 MWh de electricidad al año.

Estado

Lista para construir

Precios

Opción 1: 145K EUR / MW + 50K EUR /HA (Derechos de compra de terrenos)

Opción 2: 145K EUR/MW + 2600 EUR/MW (Derechos de arrendamiento sobre terrenos)

Parcelas

7 Lugares cerca de Bucarest:

Aproximadamente 27,40 MW (Tamaño del terreno 31,38 HA)

Aproximadamente 19,20 MW (Tamaño del terreno 21,00 HA)

Aproximadamente 105,47 MW (Tamaño del terreno 129,34 HA)

Aproximadamente 38,86 MW (Tamaño del terreno 48,45 HA)

Aproximadamente 34,89 MW (Tamaño del terreno 45,54 HA)

Aproximadamente 31,72 MW (Tamaño del terreno 35,35 HA)

Aproximadamente 33,48 MW (Tamaño del terreno 40,00 HA)

**TARGET PRICE**  
EUR 29,000,000

**GROSS REVENUE**  
TBA

**EBITDA**  
TBA

**BUSINESS TYPE**  
Planta de energía, Renewable Energy

The information contained herein does not constitute an offer to sell or a solicitation of an offer or a recommendation to purchase securities under the securities laws of any jurisdiction, including the United States Securities Act of 1933, as amended, or any US state securities laws, or a solicitation to enter into any other transaction.

The projected financial information contained in the Memorandum is based on judgmental estimates and assumptions made by the management of the target Company, about circumstances and events that have not yet taken place. Accordingly, there can be no assurance that the projected results will be attained. In particular, but without prejudice to the generality of the foregoing, no representation or warranty whatsoever is given in relation to the reasonableness or achievability of the projections contained in the Memorandum or in relation to the bases and assumptions underlying such projections and you must satisfy yourself in relation to the reasonableness, achievability and accuracy thereof.

By delivering this Memorandum, neither MergersUS Inc., nor its authorized agents are making any recommendations regarding the acquisition or strategies outlined herein. Interested parties shall exercise independent judgment in, and have sole responsibility for, determining whether an acquisition of the Company is suitable for them, and neither MergersUS Inc, nor its authorized agents have responsibility to, and will not, monitor the condition of interested parties to determine that an acquisition is or remains suitable for them. Among other things, suitability of an acquisition will depend upon an interested party's investment and business plans and financial situation.

This document is prepared for information purposes only. It is made available on the express understanding that it will be used for the sole purpose of assisting the recipients to decide whether they wish to proceed with a further investigation of the Proposed Transaction.

The recipients realize and agree that this document is not intended to form the basis of any investment decision or any other appraisal or decision regarding the Proposed Transaction, and does not constitute the basis for the contract which may be concluded in relation to the Proposed Transaction.

All information contained in this document may subsequently be updated and adjusted. MergersUS Inc. has not independently verified any of the information contained herein or on which this document is based. Neither the Company, nor its management or shareholders, nor MergersUS Inc. , nor any of their respective directors, partners, officers, employees or affiliates make any representation or warranty (express or implied) or accept or will accept any responsibility or liability regarding or in relation to the accuracy or completeness of the information contained in this document or any other written or oral information made available to any interested party or its advisers. Any liability in respect of any such information or any inaccuracy in or omission from the document is expressly disclaimed.
