Central hidroeléctrica de 33 MW con 4 turbinas

TARGET PRICE
$12,500,000

GROSS REVENUE
$0

EBITDA
$0

BUSINESS TYPE
Energías renovables: energía hidroeléctrica

COUNTRY
Kazajistán

BUSINESS ID
N.º 20230498

Kazajistán cuenta con abundantes recursos hídricos, que se concentran principalmente en el este y el sur del país. Hoy en día, 15 grandes centrales hidroeléctricas (>50 MW), con una capacidad total de 2,25 GW, representan hasta el 13 % de la capacidad total de generación del país.

Kazajistán se perfila como un país prometedor para el desarrollo y la ejecución de proyectos hidroeléctricos en su territorio. El Estado se ha marcado el ambicioso objetivo de que, para 2050, el 50 % de la producción de electricidad del país provenga de fuentes de energía renovables (en adelante, «FER»).

Los recursos hidroeléctricos están repartidos por todo el país, pero hay tres zonas que cuentan con recursos especialmente abundantes: la cuenca del río Irtysh y sus principales afluentes (Bukhtarma, Uba, Ulba, Kurchum, Kardzhil), la zona sureste con la cuenca del río Ili y la zona sur con las cuencas de los ríos Syrdarya, Talas y Chu.

Visión general

El objetivo del proyecto es construir cuatro cascadas de pequeñas centrales hidroeléctricas con una potencia total de 33,00 MW

El proyecto tiene un alcance local y regional. El proyecto tiene como objetivo abarcar la parte básica de los programas de carga eléctrica del centro de energía de Almaty, en la región de Almaty de la República de Kazajistán. Te informo de que... La cascada del río está formada por cuatro pequeñas centrales hidroeléctricas. Cada central hidroeléctrica de la cascada es una combinación de obras hidráulicas y equipos tecnológicos que convierten la energía gravitatoria del agua en energía mecánica del caudal y, posteriormente, en energía eléctrica, que luego se distribuye a los consumidores.

Puntos clave

- Estado: Listo para construir
- Objetivos del proyecto: Construcción de una cascada de pequeñas centrales hidroeléctricas en la región de Almaty con el fin de: proporcionar una fuente de electricidad respetuosa con el medio ambiente para abastecer a los consumidores de la región de Almaty; y aumentar la fiabilidad del sistema energético de la región. – reducir la escasez de electricidad en la región de Almaty.
- Capacidad instalada: 33 MW (estimada)
- Generación de electricidad: 140 GW al año (estimación)
- Tarifa eléctrica con IVA/sin IVA: 41,23 tenge por kWh (0,093 USD/kW)
  Tecnología: Unidades hidroeléctricas con turbinas radiales-axiales (2 turbinas «Ossberger» para 4 centrales hidroeléctricas)

MERGERSCORP M&A INTERNATIONAL IS A GLOBAL BRAND OPERATED BY MERGERSUS INC.A US CORPORATION WITH REGISTERED OFFICE
AT 40TH WALL STREET, SUITE #2725, NEW YORK, NEW YORK 10005, UNITED STATES OF AMERICA.

The information contained herein does not constitute an offer to sell or a solicitation of an offer or a recommendation to purchase securities under the securities laws of any jurisdiction, including the United States Securities Act of 1933, as amended, or any US state securities laws, or a solicitation to enter into any other transaction

The projected financial information contained in the Memorandum is based on judgmental estimates and assumptions made by the management of the target Company, about circumstances and events that have not yet taken place. Accordingly, there can be no assurance that the projected results will be attained. In particular, but without prejudice to the generality of the foregoing, no representation or warranty whatsoever is given in relation to the reasonableness or achievability of the projections contained in the Memorandum or in relation to the bases and assumptions underlying such projections and you must satisfy yourself in relation to the reasonableness, achievability and accuracy thereof.

By delivering this Memorandum, neither MergersUS Inc., nor its authorized agents are making any recommendations regarding the acquisition or strategies outlined herein. Interested parties shall exercise independent judgment in, and have sole responsibility for, determining whether an acquisition of the Company is suitable for them, and neither MergersUS Inc, nor its authorized agents have responsibility to, and will not, monitor the condition of interested parties to determine that an acquisition is or remains suitable for them. Among other things, suitability of an acquisition will depend upon an interested party's investment and business plans and financial situation.

This document is prepared for information purposes only. It is made available on the express understanding that it will be used for the sole purpose of assisting the recipients to decide whether they wish to proceed with a further investigation of the Proposed Transaction.

The recipients realize and agree that this document is not intended to form the basis of any investment decision or any other appraisal or decision regarding the Proposed Transaction, and does not constitute the basis for the contract which may be concluded in relation to the Proposed Transaction.

All information contained in this document may subsequently be updated and adjusted. MergersUS Inc. has not independently verified any of the information contained herein or on which this document is based. Neither the Company, nor its management or shareholders, nor MergersUS Inc. , nor any of their respective directors, partners, officers, employees or affiliates make any representation or warranty (express or implied) or accept or will accept any responsibility or liability regarding or in relation to the accuracy or completeness of the information contained in this document or any other written or oral information made available to any interested party or its advisers. Any liability in respect of any such information or any inaccuracy in or omission from the document is expressly disclaimed.
