

369 MW Solar + 1,4 GWh Almacenamiento RTB Oportunidad de Inversión

369 MW Solar + 1,4 GWh Almacenamiento RTB Oportunidad de Inversión

El Proyecto representa uno de los desarrollos de energías renovables más ambiciosos del sureste de Europa, estratégicamente situado en el condado de Bihor (Rumanía), a sólo 5 km de la frontera húngara.

Este proyecto a gran escala combina la generación solar a escala comercial con un sistema de almacenamiento de energía en baterías (BESS) de última generación, lo que lo convierte en un activo fundamental para la estabilidad de la red y la transición energética.

Aspectos más destacados

- 369 MWac (359 MWp) Capacidad solar fotovoltaica
- 1.475,76 MWh Almacenamiento de energía en batería (BESS)
- ~500 hectáreas de superficie total del proyecto
- Proveedores de tecnología avanzada: ABB e Hitachi
- Terreno llano optimizado para el despliegue fotovoltaico a gran escala
- Cercanía a centros logísticos clave: Oradea y Arad

Estado listo para construir (RTB)

El proyecto ha completado con éxito todos los permisos y requisitos de conexión a la red, lo que garantiza la preparación inmediata para la construcción:

- Autorización de conexión a la red (ATR) – Concedida
- Permiso de obras – Finalizado
- Contrato de conexión a la red – Ejecutado
- Nueva subestación de 400 kV (infraestructura compartida)

Estructura de inversión flexible

- Opción de arrendamiento: Arrendamiento garantizado del terreno durante 30 años que asegura la estabilidad operativa a largo plazo
- Opción de adquisición: Oportunidad de propiedad total del terreno para optimizar la estructura de la inversión

Ubicación estratégica y oportunidad de mercado

Rumanía se está convirtiendo en un centro energético clave en Europa, con un objetivo de +7 GW de nueva capacidad renovable para 2030.

El proyecto se beneficia de:

- Contratos por Diferencia (CfD) respaldados por la UE
- Acceso a fondos e incentivos de modernización
- Fuerte demanda de energía solar + capacidad de almacenamiento
- Optimización de los ingresos mediante el arbitraje energético y la reducción de las puntas de consumo
- Oportunidades de comercio transfronterizo de electricidad

Un activo de infraestructura crítico para la transición energética

BUSINESS TYPE
Energías renovables

COUNTRY
Rumanía

BUSINESS ID
L#20261017

Se trata de un activo de infraestructura estratégico que apoya la estabilidad de la red energética europea.

Con su avanzada capacidad de almacenamiento, su condición de RTB y su ubicación privilegiada, el proyecto ofrece una oportunidad única, escalable y lista para la inversión en uno de los mercados renovables de más rápido crecimiento de Europa.

The information contained herein does not constitute an offer to sell or a solicitation of an offer or a recommendation to purchase securities under the securities laws of any jurisdiction, including the United States Securities Act of 1933, as amended, or any US state securities laws, or a solicitation to enter into any other transaction

The projected financial information contained in the Memorandum is based on judgmental estimates and assumptions made by the management of the target Company, about circumstances and events that have not yet taken place. Accordingly, there can be no assurance that the projected results will be attained. In particular, but without prejudice to the generality of the foregoing, no representation or warranty whatsoever is given in relation to the reasonableness or achievability of the projections contained in the Memorandum or in relation to the bases and assumptions underlying such projections and you must satisfy yourself in relation to the reasonableness, achievability and accuracy thereof.

By delivering this Memorandum, neither MergersUS Inc., nor its authorized agents are making any recommendations regarding the acquisition or strategies outlined herein. Interested parties shall exercise independent judgment in, and have sole responsibility for, determining whether an acquisition of the Company is suitable for them, and neither MergersUS Inc, nor its authorized agents have responsibility to, and will not, monitor the condition of interested parties to determine that an acquisition is or remains suitable for them. Among other things, suitability of an acquisition will depend upon an interested party's investment and business plans and financial situation.

This document is prepared for information purposes only. It is made available on the express understanding that it will be used for the sole purpose of assisting the recipients to decide whether they wish to proceed with a further investigation of the Proposed Transaction.

The recipients realize and agree that this document is not intended to form the basis of any investment decision or any other appraisal or decision regarding the Proposed Transaction, and does not constitute the basis for the contract which may be concluded in relation to the Proposed Transaction.

All information contained in this document may subsequently be updated and adjusted. MergersUS Inc. has not independently verified any of the information contained herein or on which this document is based. Neither the Company, nor its management or shareholders, nor MergersUS Inc. , nor any of their respective directors, partners, officers, employees or affiliates make any representation or warranty (express or implied) or accept or will accept any responsibility or liability regarding or in relation to the accuracy or completeness of the information contained in this document or any other written or oral information made available to any interested party or its advisers. Any liability in respect of any such information or any inaccuracy in or omission from the document is expressly disclaimed.
